

PSY 570 Final Project Milestone One Guidelines and Rubric

Prompt: In Milestone One, you will select a case study to analyze for your final project. For this assignment, review the Final Project Guidelines and Rubric document in the Assignment Guidelines and Rubrics section of the course. Select a case study vignette for your final project from the <u>Case Study Vignette</u> <u>Directory</u> to use for your final project.

Make sure to include the following critical elements:

- Identify a case study vignette and use that as the title for the initial post
- Justify reasons for your case study vignette selection and relate your choice back to chosen professional field of psychology
- Identify central ethical conflicts of selected case study and describe interactions between the different roles in the scenario
- Engage in the discussion topic and respond to at least two peers, sharing your thoughts on ethical conflicts

Guidelines for Submission: Share your choice as a discussion topic post by *Thursday* of Module One in the Case Study Vignette Selection discussion topic for peer and instructor feedback. Identify the title of your chosen case study vignette in your discussion post title. Explain why you chose this particular case study vignette and identify the central ethical conflict evident in the case study.

Go beyond your own case study and explore what your classmates have chosen for their final project. Respond to at least two of your peers by the end of Module One and share your thoughts on their identified central ethical conflict. Do you agree or disagree? Explain your reasoning.

Critical Elements	Proficient (100%)	Needs Improvement (85%)	Not Evident (0%)	Value
Case Study Vignette	Identifies a case study vignette	Identifies a case study vignette	Does not identify a case study	20
	from the Case Study Vignette	from the Case Study Vignette	vignette from the Case Study
