

### IT 650 Scenario Rubric

*Hands-On Database* describes four scenarios: Wild Wood Apartments, Vince’s Vinyl, Grandfield College, and Westlake Research Hospital. Choose one of the four scenarios. You will use your chosen scenario to complete all scenario tasks throughout the course. Each scenario task has you complete the “To Do” activities described at the end of certain chapters in *Hands-On Database*.

Specifically, the following **critical elements** must be addressed:

- **Completeness:** The submission is complete and includes responses (as appropriate) for each element of the scenario activity.
- **Correctness:** The responses are correct and thoroughly respond to each element of the scenario activity.
- **Critical Analysis:** The responses exhibit critical analysis by clearly stating the response to each element of the scenario activity and providing evidence to support the response.

**Guidelines for Submission:** You must complete all “To Do” activities for the assigned chapter(s). Submit your responses in a Microsoft Word document and Visio file, with double spacing, 12-point Times New Roman font, and one-inch margins. Citations should follow APA format.

Critical Elements	Exemplary (100%)	Proficient (90%)	Needs Improvement (70%)	Not Evident (0%)	Value
<b>Completeness</b>	Meets “Proficient” criteria, and responses are thoroughly explained	Responses are provided to the scenario activities, and all responses are complete	Responses are provided to the scenario activities, but some responses may be incomplete	Does not respond to most or any of the elements of the scenario activity, or most responses are incomplete	40
<b>Correctness</b>	Meets “Proficient” criteria, and all responses are accurate or correct	Responses are provided to all elements of the scenario activity with some minor inaccuracies within the responses	Responses are provided to the elements of the scenario activity, but the responses include significant errors	Responses to the scenario activities are missing or incorrect	25
<b>Critical Analysis</b>	Meets “Proficient” criteria and supports explanation with evidence from scholarly research	Responses are provided to the elements of the scenario activity, and the responses demonstrate thorough analysis of the scenario	Responses are provided to the scenario activities, but the responses include limited analysis to support the response	Responses to the scenario activities are missing, or the responses are lacking evidence of analysis	25
<b>Articulation of Response</b>	Submission is free of errors related to spelling, grammar, diagram notation, or organization and is presented in a professional and easy to read format	Submission has no major errors related to spelling, grammar, diagram notation, or organization	Submission has major errors related to spelling, grammar, diagram notation, or organization that negatively impact readability and articulation of main ideas	Submission has critical errors related to spelling, grammar, diagram notation, or organization that prevent understanding of ideas	10
